

## Press Release

### **11th International SCHWIND User Meeting SCHWIND AMARIS TotalTech Laser in the focus of field reports**

Kleinostheim, Germany, March 2008

This year's international SCHWIND User Meeting will take place in Cartagena, Colombia, on the 11th and 12th of August, 2008. Refractive surgeons with many years of experience will present and discuss with participants treatment results using SCHWIND technologies. A key part of the program will be the new SCHWIND AMARIS laser generation, which has established itself as the gold standard in refractive surgery. The agenda will include topics such as "Experience with the use of dual fluence", "Results with the Intelligent Thermal Effect Control", "The clinical significance of static and dynamic cyclotorsion control" or "The relevance of a Turbo Eyetracker". Furthermore, users will have plenty of opportunity to exchange and discuss information and experience regarding the SCHWIND ESIRIS. Contents of the presentations will be deepened in instructional courses. More information is available at SCHWIND eye-tech-solutions, Elke Feser, phone +49 6027 508-217, email [e.feser@eye-tech.net](mailto:e.feser@eye-tech.net), [www.eye-tech-solutions.com](http://www.eye-tech-solutions.com)
